2009

On March 31, the CA State Senate voted to adopt [SB14](#), which mandates that private utilities get 33% of their energy from renewable sources by 2020. Currently, utilities are required to get 20% of their energy from renewable sources by next year.

In March, the CA Energy Commission is holding public scoping meetings to discuss and get input on executive order S-14-08, requiring that 33% of the state's energy must be derived from renewable sources by 2020 . [Notice of meetings](#). [Agendas](#). [EO S-14-08](#).
